La Republica, newspaper
of the Venezuelan Demo-
cratic Action Party, charged
that most of ousted dictator
Marcos Perez Jimenez's as-
sets (in the millions) have
been removed from the U.S.
to Peru in full knowledge of
U.S. authorities and in vio-
lation of a joint extradition
treaty. The paper quoted
"well-informed sources."

The U.S. extradited
Perez to Venezuela last
year to stand trial on
charges of embezzling
while dictator. He hasn't
been tried yet. His family
now lives in Peru.
